Determination Regarding Holding Meeting Without Anchor Location

Public Body: Plumbing/Health Advisory Committee

Chair Name: Nathan Lunstad

The public meeting(s) scheduled for February 4, 2021 (Date or date range) will be conducted electronically and without an anchor location. I have determined meeting with an anchor location presents a substantial risk to the health and safety of those who may be present at the anchor location.

Facts upon which my determination is based:

Governor Gary Herbert issued Utah Executive Order 2020-1 declaring a state of emergency in response to COVID-19, and pursuant to Utah Executive Order 2020-5, modified the Open and Public Meetings Act requirements allowing electronic meetings without an anchor location. Utah Executive Order 2020-5 allows a public body to hold an electronic meeting, to provide means by which interested persons and the public may remotely hear or observe by audio or video transmission the open portions of the meeting. As a result, the

Chair of the the committee determines that there is substantial risk to the health and safety of those who may be present and will therefore be conducting its public meeting referenced above electronically, without an anchor location.

Signed this 4 day of February, 2021
